LETTER OF RECOMMENDATION

It is great pleasure that I recommend **HASHIM NAVEED.H** for the masters program in your esteemed University. I have known **HASHIM NAVEED.H** personally having taught him for six semesters during his Under Graduate Studies at New College, Royapettah, Chennai, India. I taught him Computer programming language related like C, C++, Java. **HASHIM NAVEED.H** is an astute student as he was capable of converting theoretical knowledge into practical and research projects.

A sincere, highly intelligent, and responsible student, **HASHIM NAVEED.H** has successfully maintained excellent academic record in the courses taught by me. He has been among the few such students before their deadlines and with optimal scores. His performance is driven by his clarity of fundamentals and basic concepts, enabling him to swiftly latch onto new topics and fields with ease.

Data Structures & sorting and searching are vital tools comprising programming language foundations. He has handled the same impeccably. **HASHIM NAVEED.H** has always come up with novel methods of applying the concepts as demonstrated while handling a mini project on Health Care Management in C++.

In all the years that I have known **HASHIM NAVEED.H**, he has tried to accomplish every task in the given time frame and has conducted himself appropriately in a laboratory set-up. His computer skills are second to none among his batch. **HASHIM NAVEED.H** would be an excellent addition to your graduate program. So it would be my pleasure to endorse **HASHIM NAVEED.H** without any reservations for his admission into the program of his choice at your esteemed University. Please feel free to contact me for further details if necessary
