LETTER OF RECOMMENDATION

TO WHOMSOEVER IT MAY CONCERN

I knew **HASHIM NAVEED.H** for the last three years as a student of the Department of Computer Application besides guiding him in his final year project work. He is confident and disciplined person who is capable of performing well as a team member and a team leader.

Throughout his course of study, he has shown great interest in the practical aided learning techniques of the subject. He is proficient in the programming languages of C++ and Java.

HASIM NAVEED.H has always had a passion to ensure that his projects are used to solve problems faced by the masses and has showcased his skill in developing a project for enhancing the video quality enhancement in IOT environment to ensure better quality of images and videos and to reduce loss of vital data. He also worked hard to create an application along with his team to provide accurate temperature and humidity monitoring for different areas. The work was completed on schedule despite delays in fabrication and testing.

Besides the academic record, he has been a part of the creative team for the college cultural events. During this event, I witnessed his unique ability to motivate and lead a team of juniors in handling the creative requirements for the event.

In conclusion, I feel that **HASHIM NAVEED.H** has great potential to be groomed into a competent professional and will bring his optimism, creativity and unique energy to your University as a whole. Therefore, I would strongly recommend his admission to your esteemed institution.

AS

A.S. MOHAMED HAMSA, MCA.,M.Phil.,
Head of the Department
Department of Computer Applications
The New College (Autonomous)
Chennai-14.
