

Dear Admissions Committee

I am reaching out to convey my enthusiasm in seeking the Jonkoping Scholarship for enrolling in the AI Engineering program at Jonkoping University. Backed by an foundation and a well defined career path ahead I am confident that this scholarship will play a significant role, in advancing my academic and career goals.

My journey in education began with my secondary education at SDV English Medium Higher Secondary School, where I achieved a commendable score of 70%. This laid a solid foundation for my academic pursuits, leading me to pursue higher secondary education at K.E. Carmel Central School, where I attained a score of 63%.

Driven by my passion for technology and innovation, I pursued a Bachelor of Technology degree in Electronics and Communication Engineering at Sri Vellappally Natesan College of Engineering, where I acquired a CGPA of 6.68. During my undergraduate studies, I was exposed to various aspects of electronics and communication engineering, but it was the field of Artificial Intelligence that captured my imagination.

To deepen my knowledge and expertise in Engineering, I pursued a Master of Technology degree in Electronics and communication engineering at the College of Engineering Chengannur, where I achieved a CGPA of 7.65. This program equipped me with advanced skills and insights into the rapidly evolving field of artificial intelligence, preparing me to tackle complex challenges and contribute meaningfully to the industry.

My future goals are, in line with what I have studied and what I'm passionate about. After finishing my studies in Sweden I plan to go to India and pursue a career where I can use my knowledge in AI Engineering to bring innovation and create a change. My aim is to collaborate with companies that are driving progress using AI technologies to solve practical challenges and enhance the development of artificial engineering, in India.

Being awarded the Jonkoping Scholarship would offer me a chance to engage in an thought provoking academic setting. I believe that the insights and expertise acquired through studying AI Engineering at Jonkoping University will not just influence my path but also enable me to drive transformation, in the intelligence realm.

Thank you for considering my application for the Jonkoping Scholarship. I am excited about the prospect of studying at Jonkoping University and I am committed to making the most of this opportunity to fulfill my academic and professional aspirations.
