

STATEMENT OF PURPOSE

I am extremely delighted to present my statement of purpose before you with all the desire of my heart.

I am Surya Surendran hailing from Pathanamthitta, Kerala, India. I have completed my Bachelors with Computer Application from (S NDP Yogam Arts & Science College Konni, Kerala , India). I wanted to do my masters from the beginning and it did not consume much of time to find what to specialized but choosing the right program after my bachelor`s education was not easy. After researching a lot in google, I decided to do an Masters in Economics and Management of Public Administration, the program found in Tuke University, Slovakia.

Why the Slovakia?

Slovakia, officially called as the Slovak Republic is an attractive and scenic country located in the heart of Europe. The country is has beautiful natural landscapes, medieval castles, mountains, and folk architecture. The Slovak Republic is a vibrant and modern country that welcomes students from all over the world. Another reason for selecting Slovakia by the international students is the safety and security assured by the slovak Government. Also the Government offers high quality of education to the international students and living costs there is budget- friendly. Infact, the citizens is Slovakia are more friendly, warm and welcoming, thus it makes student`s as they are in the home country.

Why the Tuke University?

The Technical University of Košice (TUKE) is a private Christian-Ecumenical university in Košice, Slovakia. It was established in 1952, but its origins date back to 1657. TUKE is Slovakia's second largest technology university. TUKE offers high-quality university education with strong applicability on the Slovakian and the international employment market. It is ranked 1201–1500 in the 2024 World University Rankings and 1001+ in the 2023 Impact Rankings. It works closely with other educational institutions and industrial facilities at home and abroad. TUKE has 95 university partnerships with 27 countries and 281 valid agreements that enable mobility of students and teachers within the Erasmus+ program to 31 countries.

Why choose Master`s in Economics and Management of Public Administration?

A Master`s in Economics and Management of Public Administration is a graduate degree program that helps professionals work in public and non-government organizations. A master's in economics can also lead to many career pathways, including: Economic forecasting, Policy analysis, Market research, Data analytics. I can develop analytical and leadership skills, and qualities such as confidence and decision-making. One of the main benefits of studying economics is that it gives you the ability to take economic principles and models and apply them to real-life scenarios in banking, business and finance. This course help me to build up a career in my field.

Career Plans

After earning my masters in Economics and Management of Public Administration, I wish to go back to my home country in India. it`s quite well known that India is developing country in high esteem,

accordingly there will be an escalating call in business sector. An European Masters have been globally recognized, hence it will great opportunity for me to find my the desires job easily in India. I would like to become a Business Manager. A master`s from Tuke University can aid to accomplish my desired career with the technical expertise and professional skills.

I will prepared for the challenges that i will encounter in my future, further I am confident that I am well prepared to meet the requirements of this programs and I greatly appreciate your consideration.

Thank you very much for the time and consideration regarding my application.

Your Faithfully,
Surya Surendran
