LETTER OF RECOMMENDATION

Ms SONA THOMAS (Reg. No-7142318) was a plus two Computer Science student of Govt Higher Secondary School Mookkannur during 2018-2020.

I have found SONA THOMAS to be a highly committed student who is single minded in her pursuit of academy. I was also impressed by her command over English Language and her capacity for analytical thinking. She is very attentive and well focused on her objectives.

I see SONA THOMAS as a person with a very positive and sincere approach to studies and it is likely to extend to all other aspect of her life. It also spells a potential to contribute positively and substantially to any profession she choose to follow. I am sure that these qualities will ensure success in her higher Programme.

I am extremely happy to recommend SONA THOMAS for higher studies in your University.
