

## SCHOLARSHIP APPLICATION FORM ACADEMIC YEAR 2023-2024

In the University College of Hospitality Management and Culinary Arts of Sant Pol de Mar (EUHT StPOL) people are first and, therefore, every year we allocate our funds to help those students who meet the admission requirements regardless of their country of origin.

The aim of EUHT StPOL is to offer the possibility of studying our academic programs to those students who demonstrate **academic excellence**, who have the soft skills or who have limited financial resources to study with us.

Therefore, a Scholarship Commission is created and it decides to grant financial aid that covers the tuition fee up to:

- On campus programs: maximum 25%
- Online / blended programs: maximum 20%

These grants are awarded for a single academic year. Students who want to renew the scholarship must meet the academic and financial requirements established for the following years.

EUHT StPOL scholarships are **compatible with other public or private scholarships or grants**, except if the student obtains another grant or aid that covers 66% (or a higher percentage) of the tuition fee.

Once the Admissions Department receives all the required documentation, after a maximum of 5 days the student will be communicated the resolution issued by the Scholarship Committee. Afterwards, the payment of the enrolment fee should be done before the date **stated in the scholarship letter, always before the first day of classes. Otherwise, the student will not benefit from the awarded scholarship.**

In order to renew it, the student is committed to maintain a satisfactory academic level, as well as to collaborate with EUHT StPOL in some occasional events or activities.
