LETTER OF RECOMMENDATION

It gives me great pleasure to put forth the recommendation for **Mr. Alan Jose**, who is seeking admission in your esteemed university to pursue his batchelors program. I have known him as a higher secondary student in this school **(2021 to 2023)** and I had opportunities to observe him in close quarters.

Mr. Alan Jose is quite ambitious and career driven. He was very interactive in the classes and endorses the discussion with cogency and natural ease. He is a student with self-reliance and good levels of self-confidence.

I am confident that if he is given with proper opportunity, he will definitely make a mark in his chosen field and I can assure that he will do his duty in responsible manner. Therefore I srtrongly recomment Mr. Alan Jose to the bachelors programme in your university.

I wish him all success for his future endeavors.
