**LETTER OF RECOMMENDATION
TO WHOMSOEVER IT MAY CONCERN**

Sir,

I am pleased to refer my student Mr. John Augustine (Bio-Maths Student 2020-2022 batch) for admission into your esteemed institution for pursuing his studies. I know him for the past 2 years in capacity of his Teacher.

During this time, I found him to be one among the most dedicated and hardworking students in his class. I have found him to be very determined and ambitious from the very beginning. He has shown credible aptitude in learning the intricacies of the subjects that was taught. I have observed him to be a quick learner and he possesses a very good grasping power. Above all he is very jovial and cooperative.

He is a reliable and disciplined person. I firmly believe that you could make him a successful student of your institution. With full of confidence in his ability, I strongly recommended him for further studies in your institution.
