CONFERENCES AND SEMINARS

[07/06/2021 – 08/06/2021]

MORTARLESS SYSTEM

- In developing countries, masonry is still the most prevalent housing material.
- Due to the time-critical nature of modern construction industry, there is a need to improve upon traditional masonry construction methods.
- In this seminar I explored the design and construction and construction aspects of mortar less masonry construction methods to traditional construction methods.

PROJECTS

[12/10/2021 – 03/03/2022]

ROOF TOP RAINWATER HARVESTING SYSTEMS

- Roof top rainwater harvesting system is a technique through which rainwater is captured from the roof catchments and stored in reservoirs.
- The main objective of this system is to make water available for future use.
