

Statement of Purpose

Dear Admissions Committee,

I am writing to express my strong interest in the Bachelor's in Computer Science program at the University of Luxembourg. My name is Swalih Pattikdan, and I am excited to submit my application for your consideration. I am confident that my academic background, experience, and passion for the field make me a highly motivated candidate for this program. I am eager to embark on my academic journey at the University of Luxembourg, renowned for its excellence in computer science education and research. My passion for technology and my desire to make a meaningful impact drive my pursuit of a Bachelor's degree in Computer Science.

From a young age, I have been captivated by technological advancements, witnessing their ability to innovate and solve complex problems. This fascination persuaded me to delve deeper into the field. I chose Computer Science for my secondary education after completing my high school education with straight A+ grades (90% and above). Throughout my academic journey, I have established a solid foundation in computer science, gaining proficiency in programming languages, data structures, and algorithms. As a result of my consistency and dedication in the field of Computer Science, I have achieved a cumulative grade point average (CGPA) of 8.825 out of 10. During my secondary education, I acquired not only theoretical skills but also enhanced my programming and computing skills.

Beyond my academic achievements, I have actively sought opportunities to apply my knowledge and skills in practical settings. I have participated in several programming competitions, where I honed my problem-solving abilities and collaborated effectively with teammates. In addition to my technical skills, I am passionate about leveraging technology for social good. I believe that computer science has the potential to address some of the world's most pressing challenges, such as climate change, healthcare, and education. I am eager to contribute to these efforts by pursuing a career in computer science and applying my knowledge to make a positive impact on society.

I am confident that the Bachelor's in Computer Science program at the University of Luxembourg will provide me with the knowledge, skills, and opportunities I need to succeed in my chosen field. I am excited about the prospect of joining your esteemed institution and becoming part of its vibrant academic community. Thank you for considering my application. I look forward to the possibility of contributing to the University of Luxembourg and making a meaningful impact in the field of computer science.

To conclude, I am wholeheartedly committed to pursuing a Bachelor's degree in Computer Science at the University of Luxembourg. With a solid foundation, a passion for learning, and a drive to succeed, I am confident that I will contribute positively to the university community and emerge as a skilled and innovative computer science graduate who's ready to make a difference in the world.
