RECOMMENDATION LETTER

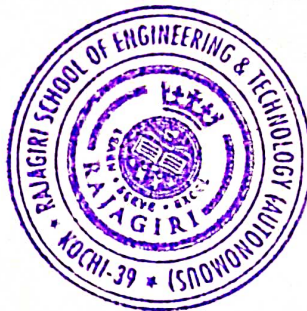

I am very much pleased to recommend Ms. VAISHNAVI S as a prospective student for the Master's programme in your University. As the Principal of Rajagiri School of Engineering and Technology, I have known her as a Bachelor of Technology (B.Tech) student in Applied Electronics and Instrumentation at this college from 2018 to 2022.

Ms. VAISHNAVI S has consistently demonstrated outstanding academic performance throughout her tenure. She consistently engaged with course content, demonstrating clarity and natural fluency, which significantly enriched the educational environment. Her keen intellect, coupled with a strong work ethic, has not only set her apart in her studies but has also inspired her peers and garnered the respect of the faculty. She was a student with self-reliance and a good level of self-confidence.

Her ability to communicate ideas clearly and persuasively is exceptional, which I believe will serve her well in her future academic pursuits. She has repeatedly proved her conceptual ability and creative outlook in the classroom discussion with notable problem-solving methods.

Therefore, I highly recommend her for admission to your esteemed program without hesitation.
