6. Study interest

Please write a few sentences why do you want to study in Slovenia?

In search of a country to build up my career, I came to know that Slovenia provides a warm and friendly atmosphere for international students. Slovenia is a home to several universities with international recognition for their outstanding academic programs and significant contributors to research. The low cost of tuition fee is a strong argument for studying here. In comparison to too many western European countries, the nation's comparatively cheap tuition fee makes higher education affordable for a wide range of students without sacrificing the quality. More and more English-taught programs are being offered by Slovenia universities attracted me a lot. This makes the transition easier for non-native speaker and gives students the chance to continue their education in a language that is widely used in a business as well as academia. Above after all Slovenia offers a warm and friendly environment for international students to study in, giving them an opportunity to interact with the people from culture and widen their perspective on the world. _____
