PROJECTS

Survey on awareness of MSG among residents of Ahmedabad.

[04/2023 – 06/2023]

A questionnaire was prepared in order to record testimonies from 250 residents of Ahmedabad to evaluate their knowledge on MSG as a food additive. Additionally, discussed the relation of MSG consumption on appetite and satiety and co-related my findings of the survey with the same

Report thesis on Boosting Output of Microbial fuel cell.

[02/2022 – 05/2022]

In this project, I discuss the role of MFC in commercial waste-water treatment and its role in generating power from renewable sources and waste. Enlisted and reviewed the common ways to increase the voltage output from MFC and introduced comprehensively the new genetic methods to improve voltage output and it's comparison to the conventional methods
