To,

WHOMSOEVER IT MAY CONCERN

I take immense pleasure to recommend **Mr. ASWIN P. S.** with the register number BT191008, for Post Graduate studies in your esteemed University. I know him well for the past 4 and half years and observed in closely by opening course titled "Bachelor Of Business Administration (Tourism and Travel)".He was always attentive in class work and his nature of questioning participating in discussions shows natural inclination towards research in future.

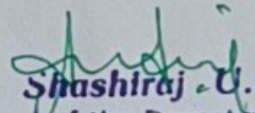

Apart from academics **Mr.ASWIN P. S.** participates actively in various cultural and technical fests organized by our university. He is a very good organizer and has excellent management skills. He takes the initiative step for any event and proves to be a good organizer. He is one of the in-charge for core committee in organizing evens in our Institution.

He has an above average student all his academics with good score in all courses. I can stand guarantee for his aptitude and information in these mentioned courses.

I strongly feel that **Mr. ASWIN P. S.** is worthy for Post graduate study. In my opinion a student of his qualities deserve admission into your esteemed University and is well worth of financial aid.

Thanking you
