

## LETTER OF RECOMMENDATION

I am glad to know that my student Akhil Sharma is applying in your University. It makes me feel proud to have a student like him. I have been his Teacher throughout his course i.e, 12th non medical at this collegiate school in Session 2021 During this time, he had always shown keenness to study further.

Rameshwar Singh is a hardworking student. Through my observation, I would like to say that he is attentive, student and articulate. He has a positive Attitude towards study.

I have a strong opinion that he has incorporated the right aptitude to do well in graduate students and hence strongly recommended his name to the Course of his choice for an admission.

I wish him grand success in all future endeavours.
