LETTER OF RECOMMENDATION

To Whom It May Concern:

I take immense pleasure to recommend **Mr. SIRIGIRI PARDHU** into your prestigious institution. I was his mentor and guided him in various fields. My association with him has given me ample scope to assay his capabilities very closely, both academically and personally.

Apart from scoring well in academics **SIRIGIRI PARDHU** also has been head of the student's project team. He has always put forth of the grievances of the students to the relevant authorities and has made a significant difference in improving the facilities for students. He can carry out practical work independently and extended good cooperation in teamwork. Sandeep has also taken part in several extra-curricular activities and own acclaims for our institute.

I rank him among one of the toppers in a class of 60 students. I feel that his diligence and pragmatic analysis represent his competency towards research. Hence, I strongly recommend him to be considered as the potential candidate for admission to the graduate program in your esteemed university with full financial assistance. I wish him all the success in his pursuits of academic advancements and careers.

(Dr. V. Srinivas Reddy)
