Tuhin Kumar Guha,
Principal,
A.K. Ghosh Memorial School

Letter of Recommendation

I am delighted to be writing this letter of recommendation for Tanmoy Das. Tanmoy was a sincere and hardworking student at A.K. Ghosh Memorial School until 2022 when he graduated upon the completion of grade 12. He is a driven soul who has been working tirelessly to hone his skills as a student, individual, and aspiring engineer. Ever since he enrolled at the school, he took up extra responsibilities eagerly, such as becoming the school magazine advisor and a member of our curriculum committee. He continued to demonstrate this drive throughout his tenure at our school, even during examinations, with help from his impeccable time management skills.

Tanmoy embraces all opportunities for emotional and professional development, which makes him an ideal leader. He has been working faithfully towards his development for he is mature enough to realize that his headway will not just benefit him, but also his peers. For this reason and more, Tanmoy has an excellent rapport with people of all ages, from his teachers to his mentors, and from his juniors to his seniors. His ability to connect with his fellow mates and his talent for acquiring simple concepts, as well as more advanced topics, give him an edge compared to students of his age group. He also has excellent written and verbal communication skills which he has sharpened with years of participation in debates, public speaking events, and so on.

What sets Tanmoy apart is his positive and diligent attitude. Tanmoy accomplishes all these tasks with great initiative and enthusiasm, both of which are consistent. As Principal of A.K. Ghosh Memorial School, I have had the pleasure of being his guide and mentor for the past seven years. Although I did not teach a curriculum subject to Tanmoy. However, from detailed feedback from his teachers and one-on-one office hour sessions with him, I am convinced that he will be an asset to the organizations that he will get the chance to associate with. I fervently recommend Tanmoy to pursue his undergraduate degree at your university.

If you have any further questions about his candidature or would like to discuss his qualifications in detail, please do not hesitate to contact me.
