LETTER OF RECOMMENDATION

It gives me immense pleasure in recommending Azadvinder Singh who has been a student of The British School from session 2016-17. **His medium of instruction was English.**

His dedication and hard work has always been witnessed not only in academic but also in extracurricular activities of the school. He has always been highly recommended by his teachers for his sense of responsibility and empathy in every aspect.

I believe that his endurance and analytical skills will contribute significantly in his future endeavors and would bring laurels to your institute as well.

I highly recommend Azadvinder Singh for further education at any University. Please feel free to contact for any further information.
