**To,**

Visa Officer  
The Consulate General of the Federal Republic of Germany

**Subject:** Application for German National Visa for Post Graduate Study.

Respected Sir/Madam,

I **Sharun Dinesh**, a citizen of India bearing passport number **Z6105052** would like to apply for National Visa (Student) for Germany. I have received an admission letter from the “**RWTH Aachen University**” Germany, for the master’s degree course “**Materials Engineering**” (**International Profile**) for the winter semester of 2024/25. The course has duration of 2 years (**4 semesters**) and is entirely taught in English. The program has no tuition fees, but all students have to pay a semester contribution of **EUR 304.47**. The classes for this program will start on 1<sup>st</sup> October 2024 and I would like to enter Germany on **15<sup>th</sup> September 2024**, which will give me enough time to become settled before the classes start in October.

I have blocked an amount of **11208 €**, i.e. (934 €/ month) through Coracle, which bears my living costs in Germany for 12 months. Currently, I have health insurance with Techniker Krankenkasse, which will be able to activate after my arrival in Germany. To conclude, Germany has an excellent education system, and I firmly believe that pursuing this post-graduate program will benefit me personally and professionally.

I am attaching the following documents for the support of my applications as mentioned in the checklist:

1. Valid Passport
2. Signed Application Form and Declaration
3. Declaration for Additional contact and legal representation
4. Copy of Passport data page
5. Letter of admission from RWTH Aachen University
6. IELTS scorecard
7. Academic Certificates
8. APS Certificate
9. Curriculum Vitae
10. Letter of Motivation

11. Blocked Account confirmation from Coracle
12. Passport photo
13. Travel Health Insurance

I humbly request you to grant me the National Visa (Student) for Germany. I would like to thank you for your valuable time in considering my visa application and cover letter.

Thanking you.

Yours Sincerely,

Sharun Dinesh
