LETTER OF RECOMMENDATION

I am pleased to recommend Mr. MOGANTI SAIDEEP for admission into your esteemed graduate program. Since 2017, I have known him as a distinguished student within the Department of Computer Sciences, specializing in Engineering. In his second year, I instructed him in "DATA STRUCTURES," where his performance was outstanding. His inquiries during lectures revealed a keen desire to deeply understand the concepts, illustrating his exceptional problem-solving skills and affinity for tackling complex challenges.

Mr.MOGANTI SAIDEEP possesses a profound understanding of both the theoretical and practical aspects of his studies. His approach to coursework is characterized by thorough comprehension and insightful perspectives. Notably punctual and persistent, he is also a dedicated and innovative individual, consistently meeting deadlines with excellence. His contributions to a design project, which I had the opportunity to assess as a panel member, were notably original and complete, showcasing his ability to excel both individually and as a team member. His communication skills are remarkable, reflecting a high level of intellect and an ability to articulate ideas clearly and uniquely. MOGANTI SAIDEEP's dedication has earned him numerous accolades throughout his academic career, underlining his unwavering commitment to learning and an unparalleled thirst for knowledge in his field.

In conclusion, Mr.MOGANTI SAIDEEP is an intelligent, hardworking, and highly motivated student. His exceptional personal qualities make him a suitable candidate for your program, promising a significant contribution to your academic community.

(Mrs.S.Nagavali)

LETTER OF RECOMMENDATION

I am writing this reference letter in support of **Mr.Saideep Moganti** who is applying to do a Masters at your esteemed university. I have known Saideep as his project guide that he picked based on the lab and courses he did in before semester's. I asked him the reason for picking up programming a soft-core processor, then I came to know that he was very clear to apply theoretical and practical background gained. Eventually I came to know he was very attentive and clear.

Throughout the project Saideep had shown very keen interest. He led that project and guided four other students very well, setting short term goals every time. His team completed "**High-Resolution Document Image Reconstruction from Video**" Project effectively within time.

Moganti Saideep is a self-driven person with a positive attitude towards things he picks. I have closely observed him throughout the project the way he handles pressure and people very well smoothing things ASAP. He brings freshness to whichever team he works for and always tries to keep things on track.

I have the deepest personal and professional respect for him, and sincerely believe **Moganti Saideep** will bring his unique energy, optimism, passion, and tireless creativity to your class and University as a whole. Thus, he has my highest endorsement for admission into his desired course at your university. If you have any questions about this recommendation, please do not hesitate to contact me.
