

Surender Singh

About Me

To pursue a Master of Information Technology degree program that will enhance my knowledge and skills in the field of IT. With a Bachelor's degree in Computer Application and experience as a web designer and developer, I am familiar with the latest technologies used in the industry. I possess excellent communication skills, am highly motivated, and detail-oriented. My goal is to become a skilled IT professional and contribute to the development of innovative technologies that make a positive impact in the industry. I am confident that the knowledge and skills I acquire through a Master's degree program will help me achieve my career objectives.
