

STATEMENT OF PURPOSE

Dear Admissions Committee

I am Sreehari Babu, and I am excited to submit my application for the Bachelor of Mechatronics program at STU Slovakia. My educational journey includes completing 12th grade and obtaining a Diploma in Tie and Die, which has equipped me with a solid foundation in technical skills and problem-solving.

My fascination with Mechanics began during my Diploma studies, where I delved into the intricate workings of machinery and the principles behind them. This experience sparked a deep curiosity within me to explore Mechanics further and understand its applications in real-world scenarios.

I am drawn to STU Slovakia for its renowned faculty, cutting-edge research opportunities, and commitment to fostering innovation in the field of Mechanics. I am particularly interested in the hands-on approach to learning at STU Slovakia, as I believe it will provide me with the practical skills and knowledge necessary to excel in this dynamic field.

My two years of experience in engineering as a Maintenance Technician and Junior Engineer have provided me with valuable hands-on skills and insights in the field. This experience has been instrumental in shaping my understanding of engineering principles and practical applications.

My career goal is to become a skilled Mechanical Engineer who not only designs innovative solutions but also contributes positively to society through sustainable and efficient engineering practices. I am confident that the rigorous curriculum and collaborative environment at STU Slovakia will help me achieve this goal.

I am eager to immerse myself in the vibrant academic community at STU Slovakia, engage in meaningful research projects, and collaborate with like-minded peers and faculty members. I am enthusiastic about the prospect of contributing to the diverse and talented student body at STU Slovakia.

Thank you for considering my application. I am excited about the opportunity to further my academic and professional journey in Mechatronic at STU Slovakia.

Warm regards,

Sreehari Babu
