LETTER OF RECOMMENDATION

I, the Head of the Department, take the pleasure in recommending Ms. Abhirami B. as an excellent candidate for doing higher studies at your esteemed university. She was a B.Com. Computer Applications Degree student at this college during the academic year 2016-2019 (Reg. No. 160021083266). She successfully completed her degree from the University of Mahatma Gandhi.

My interactions with her have always given me the impression that she has a very pleasant personality with a deep desire to learn. She successfully completed the project and viva voce.

She has the drive and ability to pursue her studies abroad, and she will blend well with the global fraternity of your university as she has a very likeable, easy-going personality. With a positive attitude as well as good social skills, she is sure to enrich any community she joins, and I wholeheartedly recommend her for higher studies.

Yours truly,

HOD

CO-ORDINATOR

B.Com. Computer Applications
