TO THE ADMISSIONS OFFICE

As a teacher, I have known **Hamad Farooque** for the last two years as his Chemistry teacher. I am delighted to know that Hamad intends to pursue his higher education and am truly honored to recommend him to you.

Hamad has that combination of a positive attitude and the belief that he can always improve, which is so essential to the learning process. He is extremely hardworking, committed and diligent in everything he does. He quickly grasps his concepts and approaches the subject in a slightly different way than other students. He is meticulous and always meets the assigned timelines. He has demonstrated an exceptional aptitude for the sciences this year.

His *intended major is "Medicine and allied subjects"*. He is from a state in India with limited access to medical facilities. Hamad's decision to pursue a career in medicine stems from a genuine desire to make a difference in the lives of those in need. His resolve to address this issue and give back to their community is truly commendable.

His proactive approach to learning is highlighted by his participation in an internship, where he gained invaluable hands-on experience in the medical field. His dedication and enthusiasm towards gaining practical knowledge speaks volumes about his commitment towards his chosen path.

Beyond academics, Hamad has been an integral part of our school's sports teams, showcasing his leadership skills and ability to work collaboratively within a team. Hamad's strong belief in his ability to acquire new skills and improve through practice was perhaps shaped by his interest in basketball. He has played all through high school and is a valuable player in the school team. His role as Vice Sports Captain in Grade 12 is a testament to his dedication and leadership qualities, which I believe will serve him well in his future endeavors.

I am writing to wholeheartedly recommend Hamad for his pursuit in the field of Medicine. He has the intellect, determination, and compassion required to excel in medicine. I am confident that he will continue to make significant contributions to his community and beyond. Should you need more information on this promising youngster, please get in touch.

Sincerely,

Monica Chelani
(HM grade 9 & 10)
