● **PROJECTS**

Forest Cover Change Detection using Remote Sensing and GIS in Karbi Anglong district Assam

Conducted a research project focused on analyzing forest cover change in Karbi Anglong District, Assam, using Remote Sensing and Geographic Information Systems (GIS) techniques as a part of bachelor's thesis and gained an understanding about the importance of ecosystem conservation. It serves as a major step towards attaining Sustainable Development Goal 15, and to preserve and protect the region's forests.
