To Whom It May Concern

As the Principal of Tilottama Secondary School, I am writing this letter to give my highest possible recommendation to **Mr. Devans Dubey**, son of **Mr. Raju Dubey**, permanent resident of **Tilottama -07, Rupandehi, Nepal** for the admission in your college/university. In those years, I have found him to be very intelligent, enthusiastic and hardworking. He has completed the School Leaving Certificate Examination held in 2021 A.D. with registration no: **774905224** and symbol no: **24900576**. His date of birth according to the School record is **2003-12-14 A.D.**

Mr. Dubey is a sincere, honest and hardworking student of his batch. He has been able to maintain excellent results throughout his studies. He is an active and conscientious member of his class. His assignments were written well supported, neat and organized. He has an obvious and sincere concern for others.

He is very cooperative with his friends and excels in extra-curricular activities. He is an active and enthusiastic student, who has curiously taken part in different extra-curricular activities bearing in mind that participating is more important than winning. The way he manage his time between studies and extra-curricular activities has always impressed me a lot. He has proved his capacity to undertake any given responsibility as a loyal and descent student.

I feel very confident that **Mr. Dubey** will be successful in his future endeavor. I am sure that he will be an asset for your prestigious institution. He is currently applying for further studies in abroad. I strongly recommend him to any university/college.

I wish him bright, successful and versatile academic career ahead.

Prof. Dr. Ram Chandra Acharya
Principal

LETTER OF RECOMMENDATION

It is with great pleasure that I write this letter of recommendation for **Mr. Devans Dubey** I had the chance of teaching him English in grade XI & XII. He has been an outstanding student throughout my teaching years. He has always been the one supplying positive energy in the class by interacting with teachers as well as his friends, participating in class discussions with great enthusiasm and helping his peers whenever possible.

Mr. Dubey has always been a prolific person when it comes to class activities such as presenting in front of class, leading project works and so on. I have always seen him as a diligent and industrious student. He has never missed an assignment in my record and has always taken any assignments or projects given to him as an opportunity. His knowledge does not remain bound to a single field. He carries information regarding myriad subjects and topics. I have come to know this because in his class presentation he used to integrate the topic given to him with many different aspects such as current global problems, human values, psychology, philosophy etc. Also, he is a creative thinker and writer.

I would highly recommend **Mr. Devans Dubey** in the available position. **Mr. Dubey** will be an extremely positive asset to your organization. Please do not hesitate to contact me if you require any further information.
