### LETTER OF RECOMMENDATION

I had the great pleasure of knowing Punyashree A S during her 3 years of Bachelor Degree course. She has a tremendous student and an asset to our college. I would like to take this opportunity to recommend Punyashree A S for Master's program at your esteemed institution.

I have delivered lectures to her on Business law, Organisation Behaviour, Marketing Management & Financial Management during her 3 years of Bachelors Degree. I found her as a focused and disciplined student with receptive mind. Additionally, she has a positive attitude and a unique quality of handling problems differently.

She has always tried to connect studies with practicality and thus became a member of organizing committee who had organized a natural seminar on Management Accounting and Business Law. She had actively participated in the seminar and also created the awareness among other students.

During the academic course, she has demonstrated strong academic ability, leadership qualities and also exceptional presentation skills, which will make her eligible for the Master's program at your institute.

I recommend Ms. Punyashree A S to be offered with an opportunity to take up the Master's program at your institute.

Sincerely
