I am writing to you in support of Rakshitha D and her desire to do master from your elite university I recommend that She has be given the opportunity to attend your university.

As faculty (presently H.O.D) of commerce department at tumkur university college of arts I tutored her subjects of income tax , quantitative analysis & management accounting . She has been very clear about her goals and very focused and disciplined in our institution.

In addition to her course work , Rakshitha D also dedicated some of her time to extra co-curricular , She felt volunteering an leadership goal and she became creative head of the western dance group , won 1st prize in dance , which brings out not only her management skills but devolped her as leader. She also participated in national cadet corps (NCC) and other events held during her degree course and I noticed that she also have good presentation skills .

I believe Rakshitha D has the caliber and I am sure will find her to be a student whose talents will only shine further through your graduate program . It is my pleased hope that you will accept her admission to your university . If you would like further information , please feel free to contact me at any time of working hours.
