Subject: Recommendation Letter

We feel happy to write this letter of recommendation on behalf of the Scholars Home Boarding Secondary School for **Mr. Manus Sapkota** a brilliant student of this prestigious institution in Plus 2 level in Faculty of Management with Hotel Management group. The medium of instruction in his studies throughout the level was English and he proved to be excellent.

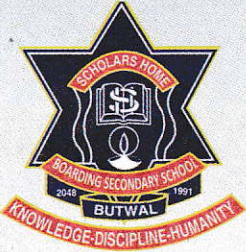

He has been placed as one of the very few students who were able to achieve balanced academic achievements because of his own accomplishments. During his study here, we found him a sincere, regular, diligent and inquisitive young boy. He was innovative, dedicated and intellectually promising in his academics unlike so many of his colleagues. Moreover, he is found trusting, creative and devoted. Apart from the academic excellence, his high morale, social maturity, analytical thinking and leadership qualities deserve high appreciation. His obviously enriched the college environment and served as a paradigm to other students.

We are confident he would prove highly competent and successful in his field of interest. We are sure he would enrich the environment of any university he joins and prove an asset for it. Our institution and I personally have high expectation of him. We wish him every success in his future endeavors.

## Letter of Recommendation

It is my pleasure to write this letter of recommendation for one of the prodigious pupils of mine **Mr. Manus Sapkota**, who has completed his high school level ( Plus 2 in Faculty of Management ) in a promising score and can be eligible to study further as per his subject of his interest.
