To Whom It May Concern

This letter of recommendation is written in favor of one of our intelligent, self disciplined and hardworking student, who completed his Secondary Education in this institution. **Mr. Sujan Thapa** was a very sincere and a multi talented Student of education Group.

Mr. Sujan Thapa, is one of the pride of this institution, was found to be self-committed determined and laborious in his studies. He was always prepared for his lectures and successfully completed the assignments within specified time. I was very much impressed by his creative nature and scientific attitude. He was very much interested and also skillful at practical and theoretical workshops especially in problem solving skills. He was the one, who had a lot of inquisitiveness and questions within and never hesitated to express his queries. In overall, he has outstanding performances in all skills of English i.e, listening, speaking, reading and writing.

As far as I have known him, he was friendly and extremely popular with his juniors He respected all his teachers and enjoyed the opportunity to learn from his colleagues, seniors and professors. He was extraordinary not only at his academics but he proved himself to be one among the bests in extra-curricular activities. He was good at playing chess, badminton and also used to get prize in an essay competition. He was one among the finest essay writers in the school. He has strong feelings of social service and he used to actively participate in the fund raising programs for the victims of the environmental disasters.

I regard him as a sincere, diligent, committed and disciplined young fellow. He wants to continue his further studies. I am assured of his hard work and success in any course of his interest with flying colors. I wish him all success in his future studies and career.

Thank you for the opportunity of correspondence.

To Whom It May Concern

I feel pleased to write in favor of our student, **Mr. Sujan Thapa** son of **Mr. Nanda Prasad Thapa and Mrs. Amrita Thapa** resident of **Butwal – 13, Rupandehi**, passed Secondary level (grade XI and XII) from this institution securing 3.41 GPA from Education Group in the year 2023 A.D. He is talented, enthusiastic and dedicated student, who takes responsibility for his own learning by consciously getting involved in curricular and co-curricular activities. He was one among top 5 students enrolled for the Education Group out of more than 200 students.

I had acquaintances with his form the very day of entrance examination where I found him to be very sincere and self-disciplined. In the later days, the relationship between us grew stronger. I found him regular, laborious, obedient as well as creative in his study. He was always punctual with his class as well as participated in practical assignments with zeal and zest. He quickly learned to manage his time, study in difficult situations under strict deadlines and to recognize the importance of a strong work, ethics, persistence and intellectual integrity.

He was always active and fully prepared for the lectures. He used to be even active during the class intervals being engaged in group discussions and even discussing subject matters with the teachers. During the class, he was the one who used to come up with various questions surprising every one in the class. He was self esteemed and determined student, always busy in his assigned duties who succeeded in his Secondary Exams.

As the medium of instruction in this institution is only English **Mr. Sujan Thapa** can express himself in both written as well as spoken English. So, I recommend him to enroll to any institution of his choice for his further studies with a confidence that he can accomplish any course of his interest with flying colors.

If you have any query, please feel free to contact us without any hesitation.
