

Dear Admissions Committee,

I hope this letter finds you well. My name is Prayatanveer Singh, and I am writing to express my sincere interest in the Bachelor's program in Economics and Management of Public Administration at Technical University of Kosice.

Growing up in Sri Ganganagar, Rajasthan, India, I developed a strong academic foundation that culminated in my Senior Secondary School Examination (12th grade) achievement of 66.60% in April 2023. Prior to this, I excelled in my Secondary School Examination (10th grade) with an impressive score of 80.00% in March 2021. These academic milestones have equipped me with a solid understanding of economics and management principles, laying the groundwork for my future academic and professional endeavors.

To further enhance my qualifications, I recently undertook the Pearson Test of English, achieving an overall score of 59. This test result underscores my proficiency in English, essential for thriving in an international academic environment such as TUKE.

What attracts me most to TUKE is its distinguished reputation for academic excellence and the comprehensive nature of its Economics and Management of Public Administration program. The opportunity to delve into subjects like public policy analysis, administrative law, and economic development strategies resonates deeply with my career aspirations. I am eager to explore how these disciplines intersect and apply them to real-world challenges, contributing positively to society.

Beyond academics, I have actively participated in extracurricular activities and community service initiatives. These experiences have nurtured my leadership abilities, fostered teamwork skills, and instilled in me a strong sense of social responsibility. I am eager to bring these qualities to TUKE, where I can engage with peers from diverse backgrounds and contribute to the vibrant academic community.

Studying in Slovakia presents an exciting opportunity for me to immerse myself in a new cultural environment and expand my global perspective. I am drawn to Slovakia's rich history, vibrant culture, and its reputation as a welcoming destination for international students. I am confident that TUKE will provide the supportive environment and resources necessary for me to thrive academically and personally.

In conclusion, I am enthusiastic about the prospect of studying at TUKE and contributing to its dynamic community. I am committed to pursuing excellence in my studies and leveraging the knowledge and skills gained to make meaningful contributions to society. I am grateful for your consideration of my application and look forward to the opportunity to discuss how my background and aspirations align with the goals of the Economics and Management of Public Administration program at TUKE.

Thank you for considering my application. I eagerly await your positive response.

Sincerely,

Prayatanveer Singh
