Letter of Recommendation

I, Dr. C. L. USADADIYA, lecturer of Commerce, know **KHUNTI HETAL DULABHAI**, as a B. COM. student of our college with English subject in the academic year (2019-20 TO 2021-22).

From my personal interaction with **KHUNTI HETAL DULABHAI**, I can definitely say that she was a sincere & diligent student with an optimistic ideology.

She was very regular with her assignments and other academic activities. The qualities and virtues which She possesses are quick grasping power, logical approach, adaptability. She has actively participated in classroom discussion, while her discussion revealed her meticulousness and knowledge about the emerging trends in his field.

I feel very confident that She will be successful in all his future endeavors. She is a focused and determined student of my college.

I have taught her and would strongly recommend her for the course which he applies for. I wish all the best for his future.
