

## STATEMENT OF PURPOSE

**NAME:** Antony Skariya

**COURSE:** Business Management Degree for Landscape, Tourism, and Logistics

**UNIVERSITY:** GRM Novo Mesto

My name is Antony Skariya, and I come from Ernakulam, India. With a solid academic background and a wealth of diverse experiences, I am excited to commence a journey of personal and professional growth at GRM Novo Mesto. I am reaching out to convey my genuine interest in enrolling in the Business Management Degree for Landscape, Tourism, and Logistics program at your esteemed institution in Slovenia. The prospect of studying at GRM Novo Mesto represents a pivotal opportunity for me to further my academic pursuits and advance towards my career objectives.

My academic journey, characterized by dedication and perseverance, reflects my passion for learning and my ability to thrive in challenging environments. Graduating from high school in 2020 with a commendable score of 66%, I laid the groundwork for a successful academic career. Building upon this foundation, I pursued Commerce in my higher secondary education, completing my higher secondary education in 2022 with an overall percentage of 60%. These academic achievements have instilled in me a sense of confidence and determination to pursue higher education and carve a successful career path. I joined IELTS coaching from July 2022 to January 2023 with the dedication to enhancing my English speaking skills, recognizing their paramount importance for successful engagement in international educational settings. Throughout the training period, I dedicated myself to improving my proficiency in English language skills, including listening, reading, writing, and speaking. Due to familial responsibilities, I took up the position of an Administration Clerk at OneSkill Business Solutions in February 2023, with the primary aim of supporting my family. Regrettably, this commitment prevented me from attending my IELTS exam. Nonetheless, I dedicated myself to my role within the company, diligently fulfilling administrative duties and contributing to the organization's operations. Throughout my tenure at OneSkill Business Solutions, which extended until February 2024, I honed valuable skills in time management, communication, and teamwork, all of which are integral to my personal and professional development.

I am drawn to the Bachelor's Degree in Business Management specializing in Landscape, Tourism, and Logistics offered by GRM NOVOMESTO due to its innovative approach and interdisciplinary focus. This program uniquely combines my passion for business management with specialized knowledge in sectors brimming with potential for growth and innovation. The opportunity to delve into landscape, tourism, and logistics not only aligns with my academic interests but also reflects my desire to explore diverse fields and gain a holistic understanding of how they intersect within the global business landscape. What particularly excites me about this program is its emphasis on practical experience and future-focused learning. The chance to engage in hands-on experiences in sustainable tourism, food delivery, and renewable energy sectors will not only deepen my understanding but also equip me with invaluable skills essential for addressing contemporary challenges. Moreover, the inclusion of cutting-

edge subjects such as supply chain management with robotics and drones underscores the program's commitment to staying at the forefront of industry advancements. Furthermore, the opportunity to participate in the Erasmus exchange program holds immense appeal as it offers the prospect of immersing myself in different cultures, broadening my perspectives, and honing my adaptability skills in diverse environments. In essence, choosing this program represents a strategic step towards building a prosperous future while simultaneously exploring new frontiers in the dynamic realms of landscape, tourism, and logistics.

I am drawn to choose GRM Novo Mesto for my academic journey due to its rich history, esteemed reputation, and forward-thinking approach to education. Situated in Nova Mesto, a hub of economic and cultural significance within Slovenia, GRM Novo Mesto offers a unique blend of tradition and innovation, with a focus on biotechnology and tourism. The program's interdisciplinary nature aligns perfectly with my aspirations, allowing me to explore the dynamic intersections of landscape, tourism, and logistics, which are sectors ripe with potential for growth and development. Moreover, the school's commitment to practical learning experiences, exemplified by opportunities in logistics, tourism, retail, and more, ensures that I will gain hands-on experience crucial for my future endeavors. The emphasis on sustainable practices, highlighted through subjects like Sustainable Development, Renewable Energy, and Nature Conservation, resonates deeply with my values and interests. Furthermore, the international outlook of GRM Novo Mesto, demonstrated through its participation in Erasmus+ projects and partnerships, presents an exciting opportunity for me to broaden my horizons and engage with diverse perspectives. Ultimately, selecting GRM Novo Mesto means initiating a journey of discovery, growth, and contribution to the economic and cultural advancement of both Slovenia and the broader Central European region.

Choosing Slovenia as my study destination is a decision rooted in both practicality and the pursuit of enriching experiences. Slovenia's renowned education sector offers a high standard of academic excellence, attracting an increasing number of international students seeking growth both academically and professionally. Moreover, the affordability of studying and living in Slovenia compared to other European countries makes it an attractive option. Beyond academics, Slovenia's abundant natural beauty, rich history, and vibrant culture offer a backdrop for a truly immersive and fulfilling student experience. The warmth and hospitality of the Slovene people ensure a welcoming environment for foreigners, while the widespread fluency in English facilitates seamless communication. Active student organizations and support systems further enhance the student experience, providing valuable assistance in settling in and fostering a vibrant social network. In addition to the aforementioned benefits, studying in Slovenia offers a unique opportunity for personal growth and cultural immersion. Slovenia's commitment to sustainability and environmental conservation aligns with the values of many students, offering opportunities to engage in eco-friendly initiatives and contribute to a more sustainable future. Additionally, the perks of being a student in Slovenia, such as discounts on transportation and event fees, add to the appeal. Overall, choosing Slovenia offers not just a top-notch education but also an opportunity for cultural exploration, personal growth, and unforgettable memories.

Upon completion of the program at GRM Novo Mesto, my aspirations extend beyond academic achievement to impactful career endeavors. Equipped with a comprehensive understanding of business management, landscape, tourism, and logistics, my aim is to return to India and contribute to its economic and social development. By leveraging the skills and knowledge gained from this interdisciplinary program, I envision myself playing a pivotal role in sectors that align with my passions and expertise.

Whether it is in sustainable tourism, logistics optimization, or landscape management, I am committed to applying innovative solutions to address the unique challenges faced by industries in India. My goal is not only to excel professionally but also to make a meaningful difference in my home country, driving positive change and fostering growth. Through dedication, perseverance, and a deep-rooted desire to contribute to India's progress, I am confident in my ability to carve out a successful career path upon my return.

Regards,  
Antony Skariya
