Name:  Date of birth:

---

**First degree (Bachelor or equivalent):**

Bachelor of Science      Bachelor of Arts      Other, please specify

University:

Study programme:

---

**If applicable, second degree (Master or equivalent):**

Master of Science      Master of Arts      Other, please specify

University:

Study programme:

---

yes    no

- a) I have completed at least 90 ECTS (2700 h) overall in psychology or cognitive science.
- b) Alternatively, I have completed at least 90 ECTS (2700 h) in natural sciences, mathematics, computer sciences, auditory technology/audiology, or medicine.
- c) I have completed at least 5 ECTS (150 h) in quantitative methods/statistics.
- d) I have completed at least 5 ECTS (150 h) in biological psychology/neuroscience.
- e) I have completed at least 5 ECTS (150 h) in experimental (psychological/neuroscientific) laboratory training. (Relevant work experience or internships outside your studies can count.)
- f) I have completed at least 6 ECTS (180 h) in general or cognitive psychology.

If you do **not** provide your credits in the ECTS system:

1 ECTS amounts to 30 hours of work (including preparation times).

Conversion of your credits to ECTS credits: 1 of your credits is worth:

30 ECTS /  (number of credits in an average semester of your programme) =  ECTS

**Relevant completed courses (or equivalent work experience).** *It is mandatory for a complete application to fill in this list. Additionally, you need to provide an official transcript.*

category	course number	course title	ECTS
c) quantitative methods/ statistics			
<b>Total ECTS quantitative methods/statistics</b>			
d) biological psychology/ neuroscience			
<b>Total ECTS biological psychology/neuroscience</b>			
e) experimental (psychological/ neuroscientific) laboratory training			
		Please shortly explain the content of your research:	
<b>Total ECTS experimental (psychological/neuroscientific) laboratory training</b>			
f) general or cognitive psychology			
<b>Total ECTS general or cognitive psychology</b>
