## LETTER OF RECOMMENDATION

I am very much pleased to recommend ADITH.K as a prospective student for the under graduate programme in your university. I have known him as a higher secondary student in this school during the academic year of 2016-2018 (Register number 5327950) and I had opportunities to observe him.

ADITH.K is quite ambitious and career driven. He works hard to achieve his goals and is committed to his work. He was very interactive student with self reliance and good level of self-confidence

ADITH.K understands the subject and quest for knowledge constantly. He repeatedly proved his conceptual ability and creative outlook in the classroom discussions with notable problems solving methods. I wish him all the success for the endeavours.
