LETTER OF RECOMMENDATION

I take immense pleasure to recommend Mr. Ignatious. J for Post Graduate studies in your esteemed university. I know him well for the past 3 years and observed closely by opening course titled "**Bachelor of Arts in English**". He was always attentive in class work and his nature of questioning; participating in discussions shows natural inclination towards research in future.

Apart from academics, Ignatious. J participated actively in cultural and technical fests organized by our university. He is a very good organizer and has excellent management skills. He takes the initiative step for any event and proves to be a good organizer. He is one of the in-charge for core committee in organizing any event in our university.

He has been an above average student all his academics with good score in all courses. I can stand a guarantee for his aptitude and information in these mentioned courses. He ranks among the top 4% of the students I have taught.

I strongly feel that Ignatious. J is worthy for Post graduate study. In my opinion, a student of his qualities deserve admission into your esteemed university and is well worth of financial aid.

With Regards
