Important: Home Office (UKVI) restrictions

We reserve the right to make amendments to any offers in order to meet the requirements set by UK Government policies. The Home Office restricts the total time that students may spend in the UK to a maximum of five years for the majority of undergraduate courses.

If you require a visa to study in the UK and you have chosen to study on a part-time course please be aware that the Student Route visa for part-time postgraduate courses does not permit any work and does not permit you to bring dependants.

If you have applied to study a campus-based course, you will receive an invitation from CAS Shield in a separate email. The information collected on CAS Shield will allow us to determine your eligibility to study in the UK under Home Office immigration regulations. The assessment must be completed before your Confirmation of Acceptance for Studies (CAS) statement is issued, which you will need to support your Student Route Visa application. The questionnaire should be completed within 28 days of this offer email being sent to you.
