LETTER OF RECOMMENDATION

Date : 04/05/2024

TO WHOMSOEVER IT MAY CONCERN

Dear Admission Committee,

I am delighted to write this letter of recommendation on behalf of **Nida Iliyas Badarpura**, a dedicated and accomplished student who has been part of our institution, Alpha Junior College, since the 11th grade. In my capacity as the Principal, I have had the privilege of getting to know Nida personally and witnessing her growth and development during her time here.

Nida's academic journey at our school has been characterized by consistent dedication and improvement. In the 10th grade, she achieved a commendable score of 76%, demonstrating her commitment to her studies. However, it was during the 11th grade that Nida truly excelled academically, achieving an impressive score of 91%. Her determination and work ethic were evident as she continued to perform well in the 12th grade, scoring 76%. These achievements reflect Nida's academic prowess and her ability to adapt and excel in challenging academic environments.

Moreover, Nida's journey at Alpha Junior College extended beyond the classroom. Her artistic talents, particularly in the realm of art and craft, have left an indelible mark on our school community. Nida's artistic flair extended to her skill in henna application, a talent that not only impressed her peers but also enhanced the vibrancy of our school's cultural events and celebrations. During our annual cultural festival, I had the pleasure of experiencing Nida's artistry firsthand as she adorned the hands of her fellow students with stunning henna designs. It was a demonstration to her ability to blend tradition with creativity, making our cultural celebrations even more memorable.

In the athletic arena, Nida has displayed her competitive spirit and teamwork skills by securing the second place in the tug of war competition. It was during one of the sports days at our school that I saw Nida's determination and sportsmanship firsthand. Her leadership qualities shone through as she motivated her team to give their best, and this experience left a lasting impression on me.

Nida's commitment to social welfare is also worth mentioning. She was an active member of our Eco Club during her time at our school, where she actively participated in environmental initiatives and contributed to creating a sustainable and eco-friendly school environment. I remember a particular tree planting event where Nida's enthusiasm and dedication inspired her fellow students to join in, making a positive impact on our school's surroundings.

One of Nida's unique talents is her ability to express herself through poetry. She has not only written heartfelt poems for our teachers on Teachers' Day but has also composed inspiring pieces of poetry that resonate with her fellow students, especially girls. Her words have the power to inspire and uplift, reflecting her ability to connect with others on a profound level. I recall a school assembly where Nida recited one of her poems, leaving the audience moved and inspired.

It's important to note that Nida's accomplishments before joining our school in the 11th grade belong to her previous schools. I learned about her academic and extracurricular achievements through her transcripts and commendations from her former school principals, who spoke highly of her dedication, leadership, and contributions to their school communities.

In conclusion, Nida Iliyas Badarpura is a remarkable young individual with a strong academic record, artistic talents, athletic achievements, and a deep commitment to social welfare. Her time at Alpha Junior College has allowed her to further develop these qualities, and I am confident that she will continue to excel in her academic pursuits and contribute positively to any university community she becomes a part of. I wholeheartedly recommend Nida for admission to the university, and I have no doubt that she will continue to shine brightly in her future endeavours.
