Letter of Recommendation for Basil Shibu

To Whom This May Concern,

I am writing to recommend Basil Shibu for admission to a program at your prestigious university. I had the pleasure of teaching Basil in my entrepreneurship class, and I am confident that he possesses the qualities necessary to excel in the program. Basil was a good student and was always active in class and at ease at learning new concepts, this resulted in him getting very good grades.

In addition, Basil is an individual who works hard, and was able to lead his team in an effective manner, and it was clear he had the respect of his teammates. I therefore can, without reservation, recommend a place for him/her in your upcoming MBA program.
