LETTER OF RECOMMENDATION

I take this opportunity to introduce and recommend to you, for graduate studies, one of the most promising and enterprising student I have known **Mr. ABHIJITH A S** (BBA 2018-21, University Reg. No.180021086801) for the past five years.

He has shown a highly positive approach and a remarkable aptitude in tackling diverse problems and gets along very well with others. These qualities would make him an ideal choice for any Research Group.

I am highly impressed by his inquisitive and innovative nature. The enthusiasm he shows in the various classroom discussions is a mark of his high intellectual curiosity. His impeccable character and pleasing manners make him a very lovable person.

Apart from his regular academic activities he actively participates in other co-curricular activities. He was an active member of our Departmental Association and has participated in various seminars. He has an elegant way of expressing his views and has excellent teaching capabilities. In my opinion he was without question among top 10% of his class.

The Institution has conducted the exams in semester wise. The complete course was taught with English as medium.

I am confident that with his penchant aptitude for the subject and dedication towards the same, he would be able to do outstandingly well in post graduate and research studies. Thus, I have no hesitation whatsoever in strongly recommending him for post graduate studies at your esteemed university.
