I would like to take this moment to express how truly delighted I am about pursuing my master's degree at your university, which has such a pristine reputation and global recognition. The master's program in business administration from your university is prominent and distinguished, and I shall hold it in great respect to be considered for an M.B.A. at SILESIA UNIVERSITY

As I continue to live in a country that is extremely competitive, I wish to grow further in my career, which is why I am applying for the International Business Management at SILESIA UNIVERSITY, and the completion of my M.B.A. degree will instill within me the required knowledge, skills, and abilities that a respectable and capable manager holds. I believe SILESIA UNIVERSITY is the university of choice when it comes to further career growth and the professionalism that I am seeking, which sums up every reason why I deeply desire to be part of such an esteemed and highly renowned university. The reason behind the decision to move to Czech republic in pursuit of further studies is that the country provides not only one of the best education but is also amongst the safest and happiest country in the world, which, if combined, is a formula for success.

My bachelor's degree in International Business Management is from Liverpool John Moores University. Apart from my academics, I have successfully attained 6 years of working experience with organizations like Sharaf DG, Sukoon insurance, and Cars24, which are the biggest establishments in their respective fields in the United Arab Emirates.

A remarkable segment of my proficient career incorporates currently working with Toyota, which equipped me with the most crucial skills, which are leadership, entrepreneurship, customer relationships, time management, and also handling pressure, which further broadened my horizons. Closely working with these organizations instilled within me the expertise and experience that make me a perfect candidate for your program. I have always excelled in the fields of business and automobiles. Being able to achieve numerous successful runs and achievements, and most importantly, recognition, is most definitely the reason why I am determined to make this my field of pursuit.

A few of my achievements in regards to my professional as well as academic career consist of record-high sales in a month, sales executive of the year, awards of excellence, promotion to managerial position, distinction holder on majority of the modules or thesis and many more. Always humbled by my success, these achievements are a constant reminder of my immense gratitude towards myself for the discipline and dedication.

Upon completion of my master's degree, I would love to come back to the United Arab Emirates and continue on the same track that I put a halt on in the meantime. I believe if I am able to successfully attain the master's degree from such an esteemed institute of education, I will be able to find myself in a better position in the field of my passion.

Herewith, I would like to conclude my Letter of Motivation, and I unreservedly hope that my resume and my immense desire to pursue a M.B.A. from SILESIAAN UNIVERSITY will help in obtaining a place in the Forthcoming academic term.
