### LETTER OF RECOMMENDATION

It gives me immense pleasure to recommend Mr. Antony Thomas for Higher studies in your esteemed University. I know personally as his class tutor under Plus two Commerce course. While he was here as a student he demonstrated his capacity as an excellent organizer and was always in the forefront of class level activities. He has good grasping power and a quick learner which is evident from his academic performance. I therefore have no hesitation to recommend him for higher studies at your esteemed University.
