DESCRIPTION OF EVALUATION PROCESS

Grade and Grade Point

The evaluation of each course comprises of Internal and External components in the ratio 1:4 for all courses. Grades and Grade points are given on 7-point scale based on the percentage of total marks (Internal + External) as given in Table I. Decimals are to be corrected to the next higher whole number.

| Table I | | |
|--------------|-----------------|-------------|
| % of marks | Grade | Grade Point |
| 90 and Above | A+- Outstanding | 10 |

Credit Point and Credit Point Average

Credit Point (CP) of a course is calculated using the formula CP = C x GP where C = Credit, GP = Grade Point

Credit Point Average of a Semester (SCPA) or Cumulative Credit Point Average (CCPA) for a programme is calculated using the formula SCPA or CCPA = TCP/TC, where TCP = Total Credit Point, TC = Total Credit

SG = Semester Grade

Note: A separate minimum of 30% marks each for internal and external (for both theory and practical) and aggregate minimum of 40% are required for a pass in a course. For pass in a programme, a separate minimum of Grade E for all the individual courses and an overall Grade E or above is mandatory. If a candidate secures Grade F for any one of the courses offered in a semester or programme, only Grade F will be awarded to that Semester/Programme until the candidate improves this to Grade E or above within the permitted period.
