LETTER OF RECOMMENDATION

I have known Mrs. EMI ABRAHAM for over 2 years and she was a student for the course MCom.Finance and Taxation in this college. Academically, she is an intelligent and diligent student. This is truly indicative of her intellectual potential and is evident that she really desires to learn more and challenge herself.

With her notable academic background, sociable personality and strong will to succeed, I am sure she would prove to be an asset to your institution. I gladly recommend Mrs. EMI ABRAHAM to be inducted into the Post graduate program at your university in her area of interest and would be happy to be contacted henceforth in this regard.
