

MOTIVATION LETTER

To
The Visa Officer,
Consulate General of Hungary,
Mumbai, India

Subject: Application for Long-Term Student Visa

Dear Sir/Madam,

I am Navjot Singh, an Indian citizen holding passport number W0935980. I have completed my secondary education at Savvy International School, Gandhidham, Gujarat, India. I am applying for a long-term student visa to pursue my higher studies in Hungary.

I have been accepted into the International Business School (IBS) in Hungary, where I have enrolled in the BSc Business Management with Tourism program.

After extensive research, I chose IBS, Hungary, because it is one of the leading institutions for Bachelor's education and an excellent destination for my academic growth. I am confident that studying in Hungary will enable me to achieve my career goals, contribute to my country's development, and make a positive impact in the future.

My entire expenses for studying in Hungary will be covered by my mother, Ms. Jasvinderkour Saini. The funds in her account were received from my father's accidental death claim. I have already paid my university's one-year tuition fees using these funds, and my mother will continue to support me with the same funds for my other expenses during my studies in Hungary. I have attached the accident claim letter and the SWIFT copy of the tuition fee payment receipt with my visa application.

I hereby attaching the following documents for the support of my application: -

- Visa Application Form
- Visa appointment
- Passport
- Photographs
- Proof of sufficient financial requirements
- CA Certificate (1 years)
- Affidavit sponsorship
- Apostilled academic documents
- Apostiled birth certificate
- Flight ticket
- Health Insurance
- Accommodation Proof
- Acceptance Letter
- Aadhar Card

- Swift copy
- PCC
- Motivation letter
- CV

I hope my application will be enough for a favorable response and I look forward to hearing from you.

Thanking You,

NAVJOT SINGH
