Republic of Poland

Subject; Request For The Grant of Student Visa To Pursue Masters Of Astrophysics at University of Wroclaw, Poland

Respected Sir / Madam,

My name is Mufeeth Variyakundil holding Republic Indian passport with passport number T4230040. I recently got accepted into University of Wroclaw, Poland and intend to apply for an official study visa. The duration of the program is 2 years starting from 10-10- 2024.

I am holding Bachelors in BSc Physics (Completed in 2023) and Diploma in Data science-ML-AL- Big data (Completed in 2023). I want to pursue masters in Astrophysics from University of Wroclaw to form a comprehensive understanding of how the universe functions from studying stars and planets to emerging research in dark matter and black holes, using that knowledge to discover truths about the history of the universe and to begin to understand where we may be heading. Masters in Poland would give me international exposure and an opportunity to plunge into diverse European cultures and would help me develop global perspective. When I visited the website of University of Wroclaw, I was impressed with their vibrant culture, standard of education and famous awards and alumni like nine Nobel Prize award winners from this university.

I strongly believe that studying at University of Wroclaw will help me to achieve my career goals in my home country by implementing the knowledge gained at a global level. All the expenses throughout the academic years will be funded by my personal savings. Also, I will be having my family's financial support if required.

As mentioned in the checklist, please find the following documents to support my visa application enclosed herewith:

- Visa Application Form
- Visa Appointment Letter
- Copy of Passport Data Page
