(Private University Estd. in Karnataka State by Act No.41 of 2013)

## LETTER OF RECOMMENDATION

Respected Admissions Committee,

It is my utmost pleasure to write this letter of recommendation for Mr. Chaithanya Laxminarayana and use it to highlight the essential qualities that make him an ideal candidate for the Masters program at your University. I instructed Chaithanya in several computer science subjects at Presidency University, India. During his fourth and fifth semesters, I taught him Theory of Computation and Principles of Programming Languages. In his seventh semester, I guided him through Compiler Design. I found him to be attentive, sincere and committed to understanding the subjects. Chaithanya is his own competition. He constantly tries to become a better version of himself, which is reflected in his continuously increasing academic grades from first to eighth semesters.

Chaithanya is efficient and dedicated student with an outstanding ability to understand a subject and apply its concepts during practical sessions. During the lab sessions he used to devote himself to extensive research, intending to understand different concepts. Furthermore, he is open to new ideas and criticism, essential traits that allow him to do better every time. He also possesses a great team spirit and does not hesitate to share his knowledge with his friends.

Yet another thing that impressed me about Chaithanya is the fact that he carries people with him. He is an excellent team member, and he often used to collaborate with his batchmates for college events. He was and is willing to learn new things and keep setting higher targets for himself. He puts in a lot of thoughts and efforts into the tasks assigned and makes the most of my office hours, trying to get all his doubts solved in time. His queries and doubts have proven that he pays a lot of attention to the minute details on the subjects I taught.

I strongly recommend Chaithanya and wish him the best of luck.
