Letter of Recommendation

It is with much pleasure and satisfaction that I wish to write a Letter of Recommendation for **Ms. LEONA JOSEPH** who is a prospective student for the prestigious Master's Program in your esteemed University/Institution. I have known her as a B.Sc. Forensic Science student during the period 2018-2021. She is very disciplined and focused in her field of study. I would like to state that I had the privilege of delivering lectures and her academic progress in the course Forensic Sciences is highly appreciable.

During her course of stay in this College, **Ms. LEONA JOSEPH** was a very ambitious career driven individual, who had the ability to work efficiently under stressful and challenging conditions. She works hard to achieve her goals and is deeply committed to her studies. She is very interactive during classroom sessions and endorses discussions with sound logic and natural ease. I have found her to possess strong self-reliance and good levels of self-confidence.

Ms. LEONA JOSEPH understanding of the subject in the quest for new knowledge constantly impressed me. She has repeatedly proven her consensual ability and creative outlook in classroom discussions with notable problem-solving skills.

I wish her all success and prosperity in her future endeavors.
