Insured risk: The insurer pays compensation for insured events occurring during a temporary stay abroad. The content of your insurance contract for individual insurance is determined by the information in the insurance policy. The scope and content of your insurance cover are based on this insurance policy, any subsequent supplements, the General Insurance Conditions, including tariff with tariff conditions, the Articles of Association and statutory provisions - in particular the Law on Insurance Contracts (VersVG).

The insurance cover complies with the requirements of Regulation (EC) No. 810/2009 of the European Parliament and of the Council of the European Union of 13 July 2009 and is not limited to EUR 30,000. Reimbursements within the scope of insurance cover are made in accordance with the requirements of §11 Niederlassungs- und Aufenthaltsgesetz (NAG) or the protection of the respective regional health insurance funds / ÖGK.

Your insurance coverage is currently being provided under special conditions. You benefit from this reduced, guaranteed premium rate for a period of up to six years, insofar as you complete a continued education/training course and you haven't reached your 36th birthday. After this, the special conditions no longer apply, and you pay the premium rate corresponding to your plan as you would have paid it if you had not been granted special conditions during the entire contract period. You are obliged to notify us immediately if the purpose of your stay should change.

For further information please refer to your contract documents.
This confirmation of insurance cover is expressly valid for submission to foreigners authorities, embassies, consulates and border stations.

Approval clause: The insurance certificate differs from the application in the places marked in italics and bold. If there is no written objection within one month of receipt of the insurance policy, the deviations shall be deemed accepted.

RIGHT TO WITHDRAW FROM CONTRACT

For insurance policies with a contract period of at least one month, the policyholder can rescind his declaration of willingness to enter into a contract in written form (i.e. via email, fax or letter) within 14 days without having to provide any reason(s) for the withdrawal. The deadline commences upon receipt of the following documents/information: the confirmation of insurance coverage; the contractual provisions including the General Terms and Conditions of Insurance; any relevant/particular customer information; and receipt of this notification. A timely sending of the repudiation of contract notice suffices to meet the rescission deadline.

IMPORTANT INFORMATION IN ACCORDANCE WITH § 38 PAR. 1 VersVG (INSURANCE CONTRACT ACT)

If the first or one-off premium has not been paid within 14 days after having taken out the insurance/entering into the contract and after the premium payment has been requested, the insurer is entitled to withdraw from the contract as long as the payment has not been made. It is considered as withdrawal if the claim for premium payment has not been enforced within three months of its due date.

IMPORTANT NOTE IN ACCORDANCE WITH § 38 PAR. 2 VersVG

If an insurance event occurs after the policy has been taken out, but the single or initial insurance premium has not been paid at this point in time, the insurer shall not be obliged to pay benefits, unless non-payment is not the policy-holders fault.
