LETTER OF RECOMMENDATION

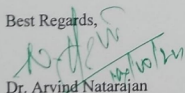

As a Dean, Faculty of Allied Health Sciences at Sri Devraj Urs Academy of Higher Education & Research, Kolar India. I am writing this letter to endorse the candidacy of Mr. Noufal . S, during his undergraduate studies in Optometry. He has shown a keen interest in learning and understanding the subjects throughout.

Right from the beginning of the course, He has displayed extreme dedication towards his academics. He has grown from a student to a capable consultant Optometrist with a good understanding of both theoretical and practical knowledge and their applications. He also imbibes patient care and has shown extreme handwork during his internship (2021-2022). His sound knowledge on basics of Optometry is quite noteworthy. He has always worked well not just independently, but also in teams. He is sincere & Trustworthy.

Mr. Noufal S, had proved to be an extremely hard-working, bright student with deep knowledge, skill, and dedication. I highly recommend to consider his application, as he will be an asset in your program and vision care. I'm sure you will find his to be a student whose talents will only shine further through your program. Please feel free to contact me if you require further information.

As a Dean Faculty of Allied Health Sciences I strongly endorse Mr. Noufal S, for his higher studies. He possesses the intellect, passion, communication skills and patience which are very crucial to serve people in Optometry. I recommend him without any reservation, because he is extremely worthy of top consideration for higher education.
